When I put the razor and the shaving cream back in the cabinet under the bathroom sink and held my mirror between my legs I got the shock of my life! I was a

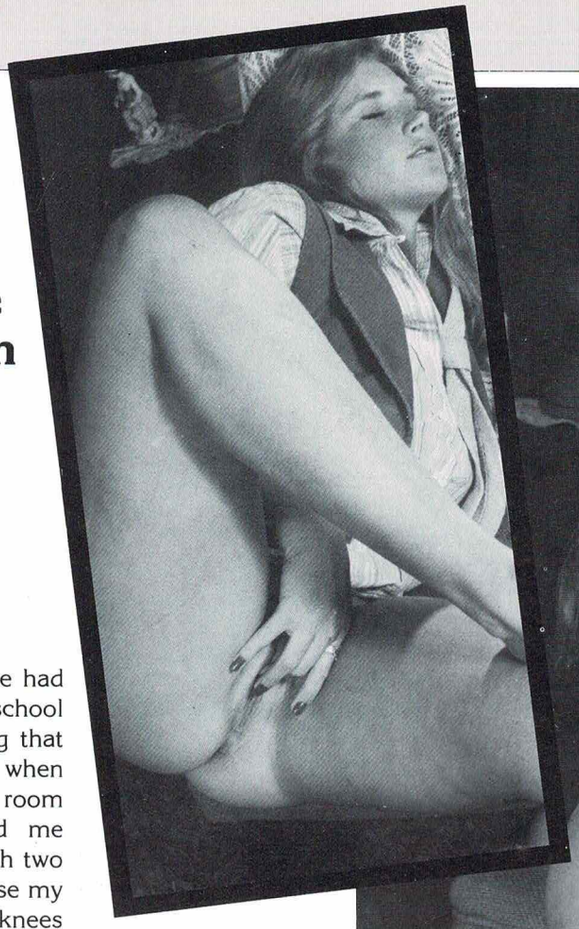
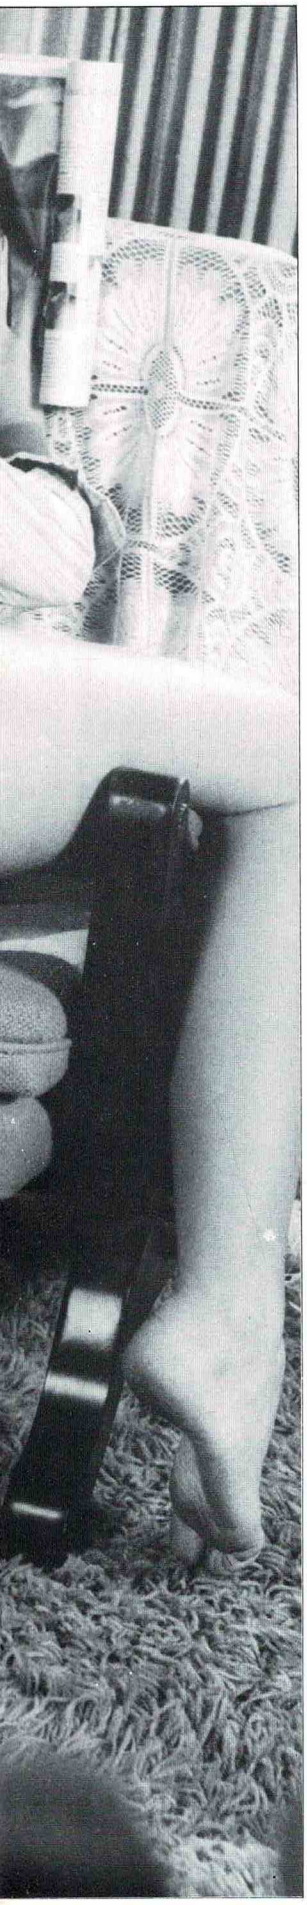
senior in high school, but my pussy looked like it should be powdered and diapered. If Marilyn had not been so insistent, I would never have shaved my cunt. I felt terribly naked!

I walked back to my bedroom holding my hands over my bare pussy like Marilyn hadn't ever seen it. I told myself this was a

‘. . .before I could close my legs she was down on her knees licking my clit. . .’

dumb time to be shy. She had eaten me every day after school for a whole week, starting that wild Monday afternoon when she'd opened the girls' room stall door and surprised me while I was getting off with two fingers. Before I could close my legs she was down on her knees





licking my clit so hungrily I went into a kind of shock—and began coming like I never had before!

Her tongue discovered secret places none of my boyfriends had ever found. She went home with me that same day and sucked my pussy until I had to beg her to stop and let me get my wits together before Mom called me down for dinner. Marilyn had a thrilling way of working two fingers in my hole and using first her thumb and then her tongue on my clit. I bent over and watched her very closely, because even though I'm not lez I knew I wanted to do her the same way. When I tugged her panties down, I flipped! Her cunt didn't have a single hair on it!

She tasted super good. So smooth and so slick and so soft.

I knew she could feel my tongue on every single inch of her cunt because she reacted instantly no matter where I licked her. There was no thick bush to dull her sensations. I guess I got jealous of how often and how hard she climaxed, because when she asked me to shave completely

bare like her I couldn't think of any reason not to—except that if my mom saw me in the shower I didn't know how the heck I'd explain what I had done.

Marilyn came off my bed and had her mouth on my naked pussy before I'd walked two feet into my room. We tumbled to the floor and locked our arms and legs around each other in a crazy-mad 69. Now I could do to her exactly what she did to me because we were both baby bare and ultra sensitive in exactly the same places.

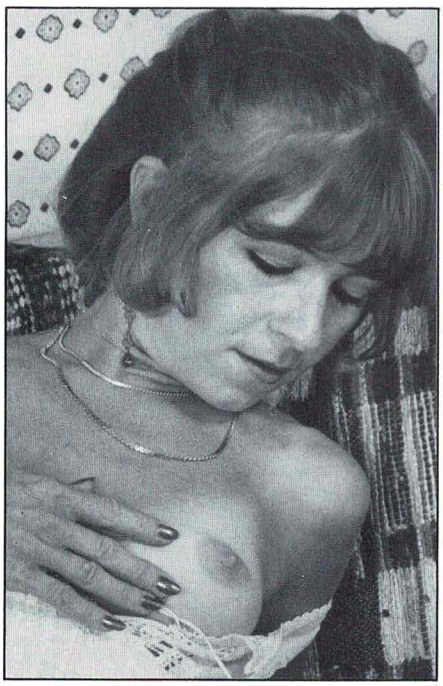
With Marilyn's shaking thighs pressed against my ears, I didn't hear Mom come in my room to announce that supper was ready. When I looked up and saw her I felt my face turning red as fire. But you know, she just blushed too and then lifted her skirt up high. She was completely bare. Like me!

I wonder who started her shaving.

JOYCE

JOYCE

‘. . .he gripped his long cock in his fist. . .’



I never dreamed the tight-fitting crotch of my ballet school leotards would get me laid, but it did! My first afternoon in class was embarrassing, because my long pussy hair fringed out around the cloth snugging between my legs. That very night I shaved my pussy.

When I danced the next afternoon the material rubbed my sensitive clit so hard I got really horny and wet. By the time class was over I had to have a man in me or go crazy! He was not much to look at, but when I screwed the school maintenance man in the supply closet I discovered why so many of the girls smiled at him very sweetly. He was hung like a horse! And he had real honest-to-God staying power!

He gripped his long cock in his fist

‘. . .I never took my eyes off his thick cock. . .’

while he fucked, and rubbed my naked clit with his thumb every time he deep-thrust into me. His fingers around his rod brushed my sensitive bare cunt lips and made my whole pussy tingle on the outside.

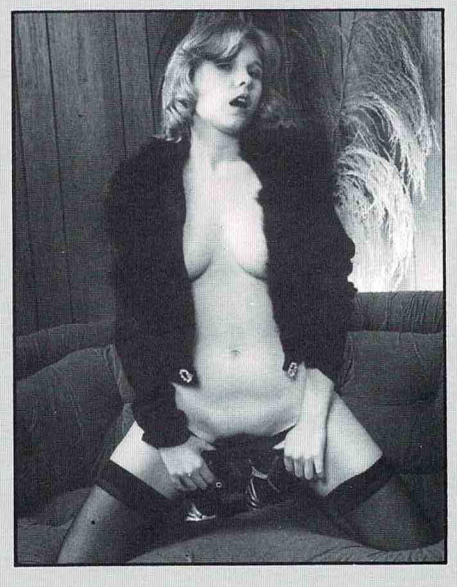
Inside, his thick tool filled me so full my cuntwalls contracted harder than ever. I could feel every single inch of his prick, clear to the bottom of my hole. He knew every screwing

trick in the book to make a chick's naked pussy give her a total wipeout.

I never took my eyes off his thick cock plunging in and out of my shaved cunt. I had never seen how my pussy lips snuggled around a thick shaft. Now I knew why every darn girl in my class shaved. Bare isn't only beautiful. It's sensational!

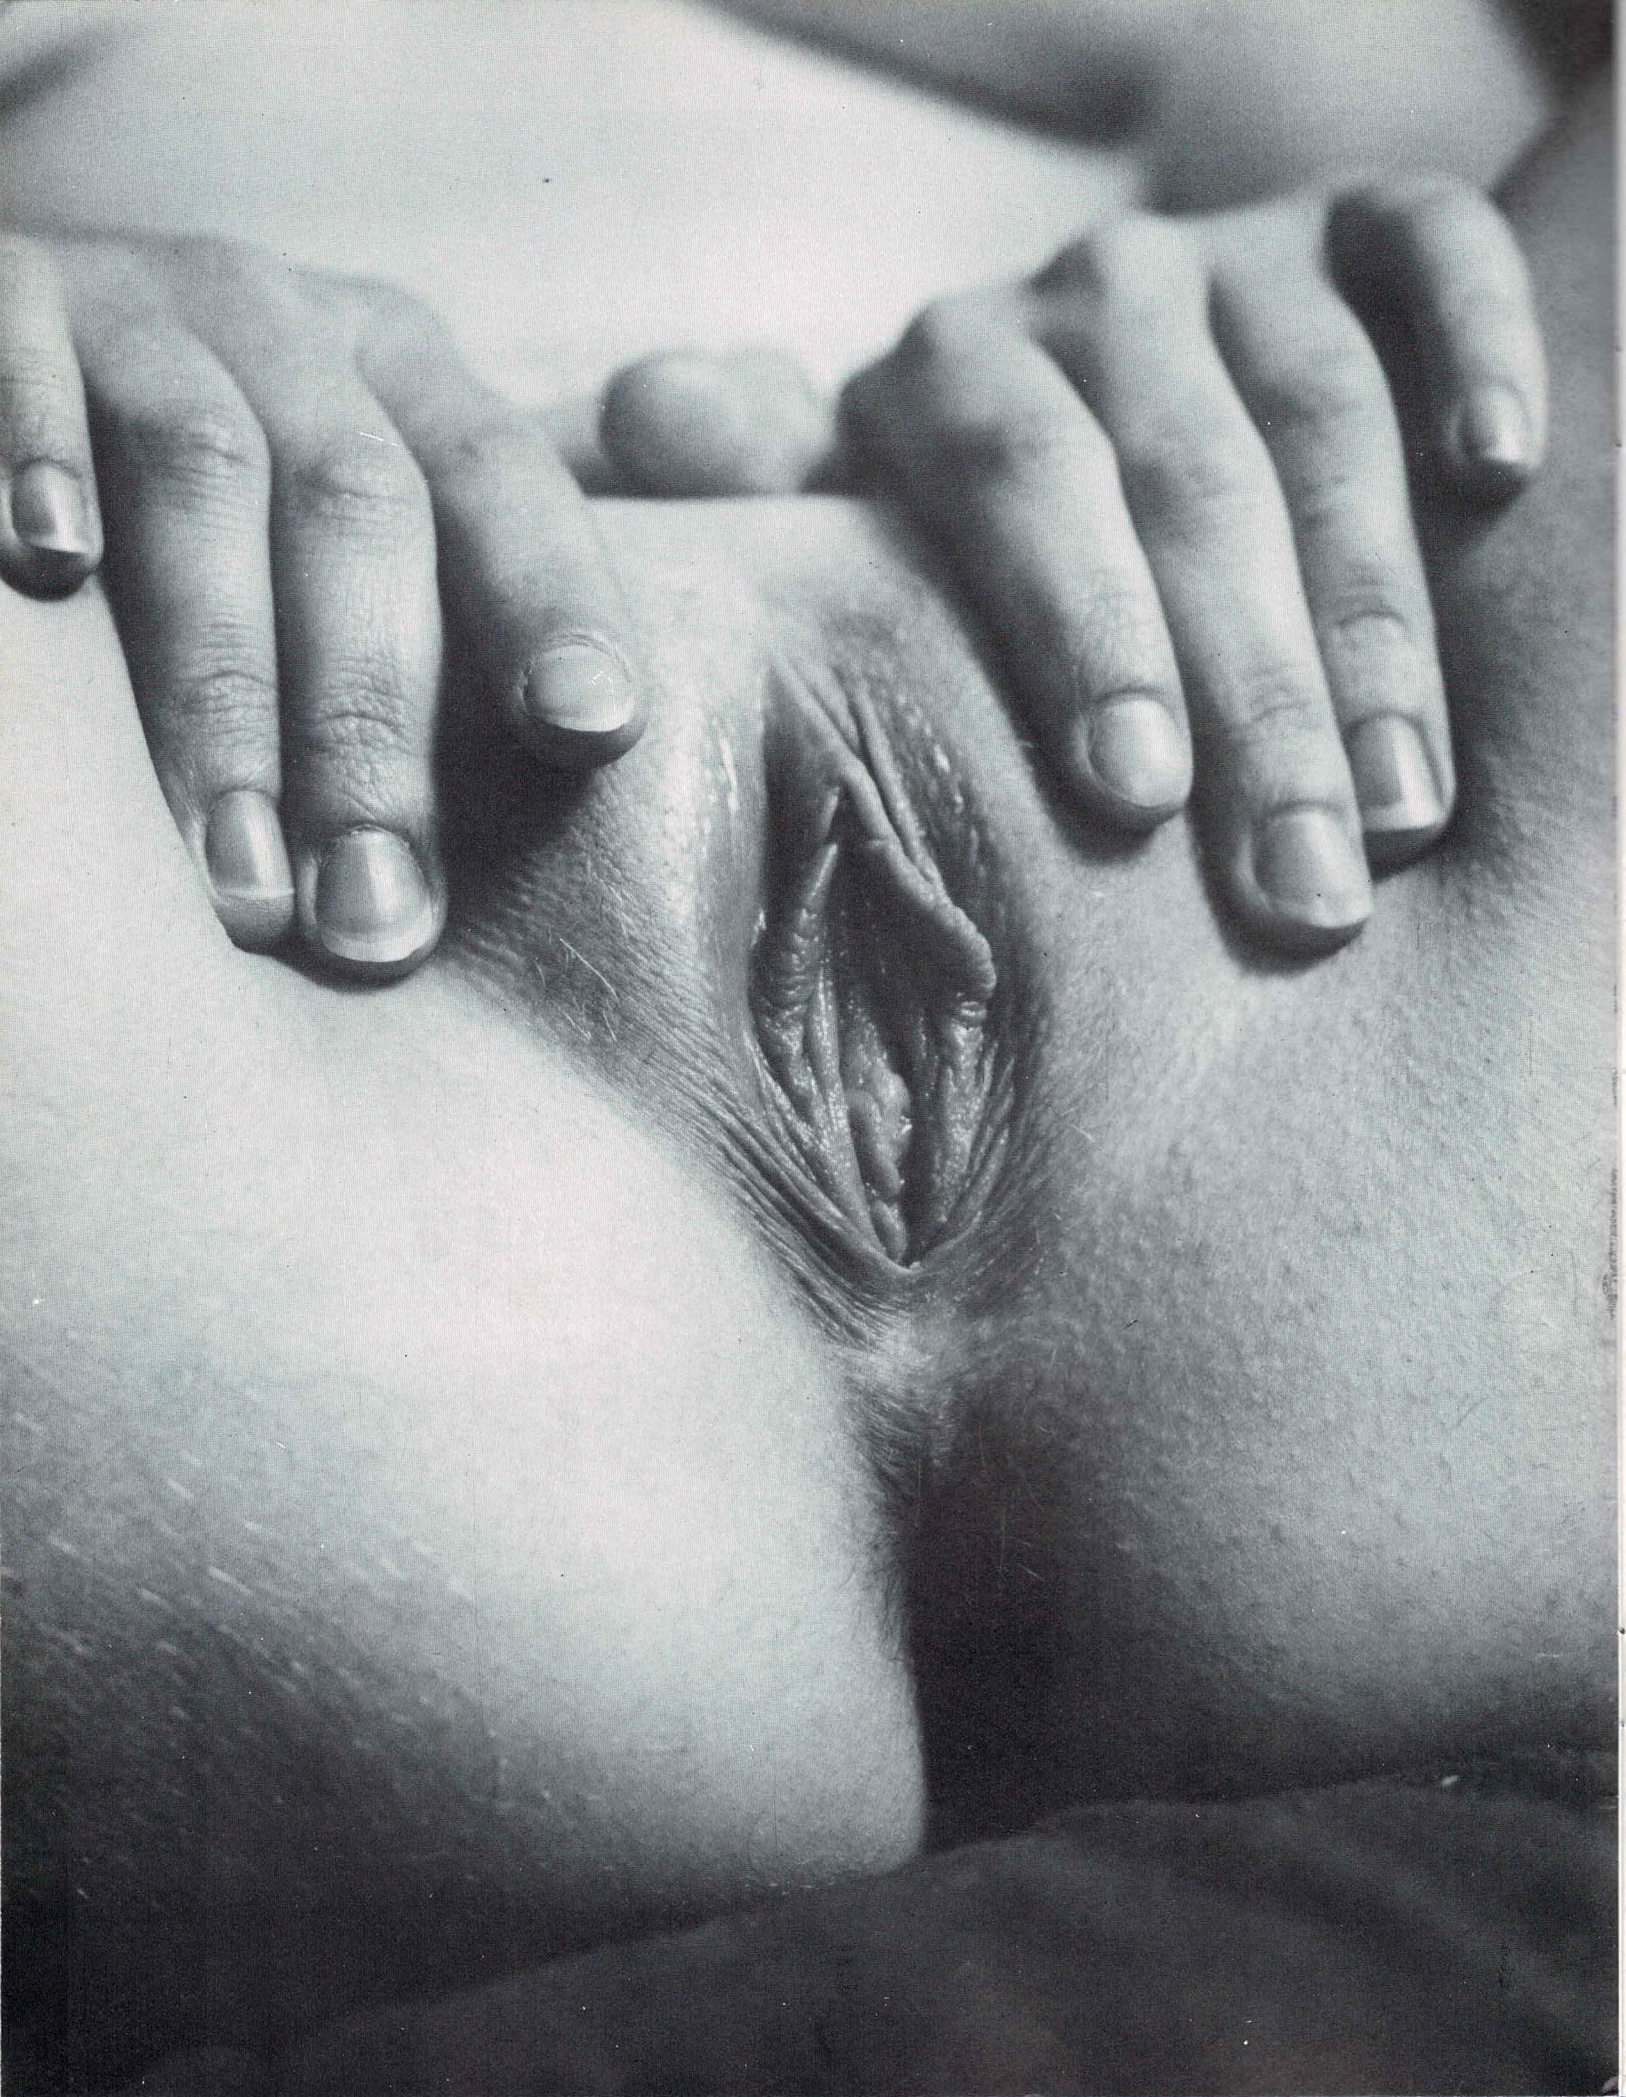
CATHY

I guess I've always been visually oriented, sex-wise. When I first began playing with myself I always held a mirror between my legs so I could see exactly what my fingers were doing to me. Matching my



finger motions to the exciting feeling my clit and my pussy hole gave me got me so turned-on I could come like mad—even before my cunt had a single hair on it.

I picked out my boyfriend from the crowds of studs on my college campus mostly because of the size of the bulge in his pants. When I got



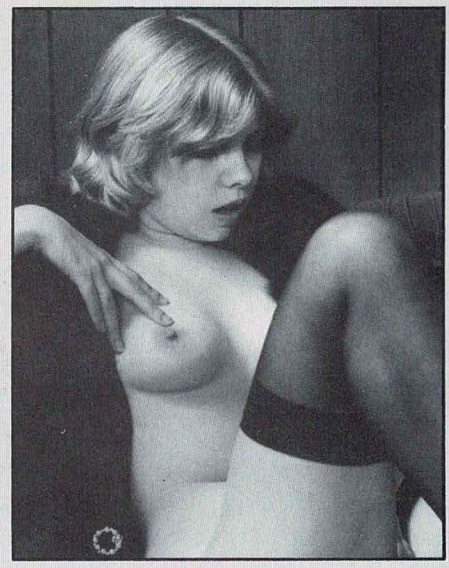
‘. . .I could almost get off just from watching my bare cunt open to take him in. . .’

my eyes off the shape of his long dong straining against his slacks and looked at his handsome face, he was grinning at me in a very understanding way. He had been visually turning on—checking out my boobs and my ass.

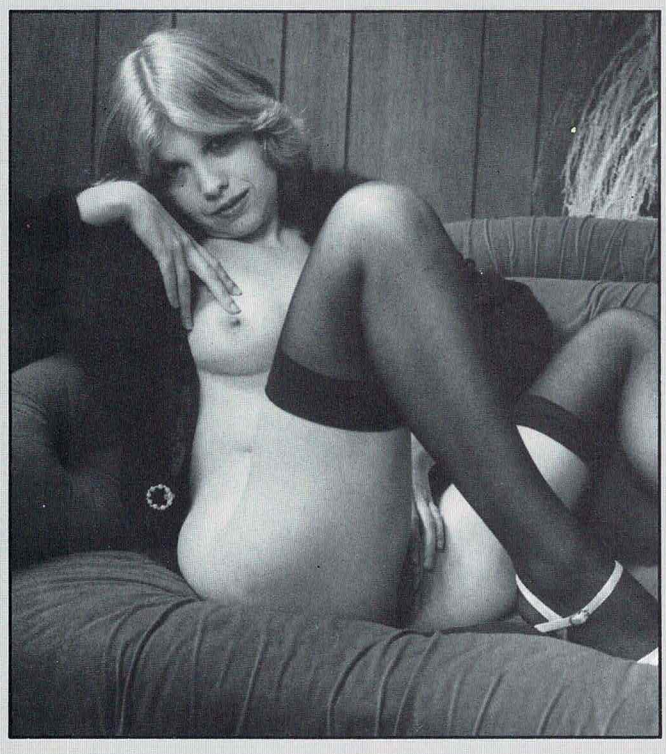
We made it that same day—right in the bright sunlight in my patio. Totally naked. Both of us were staring intently at my cunt taking every hard-driving inch of his long tool. When he saw how I loved to play with my clit while I got laid and how I kept brushing my cunt hair aside so I could see my hole tighten around him, he suggested I shave.

At first I resisted the idea. I don't know why. I guess I thought having a sexy bush of hair was part of being a woman. On our second date in the patio he produced a razor and a can of shaving cream and made me lay back on the lounge, wide open. He was very careful, thank God! By the time he finished shaving me I was so hot I came the moment his cock slid between my naked pussy lips.

He tugged me down to the edge of the lounge, held my legs high and wide and fucked the hell out of me, on his knees. I stuffed a bunch of pillows behind me so I could sit up and see every ripple of my pussy flesh around his cock. We banged our heads together somethin' awful, watching his tool screwing me, and we didn't even feel the blow. I was so hot I could hardly stand to have him move in me. My hands gripped his hips and made him fuck real slow. He understood. Our sensations were so sharp! I could almost get off from



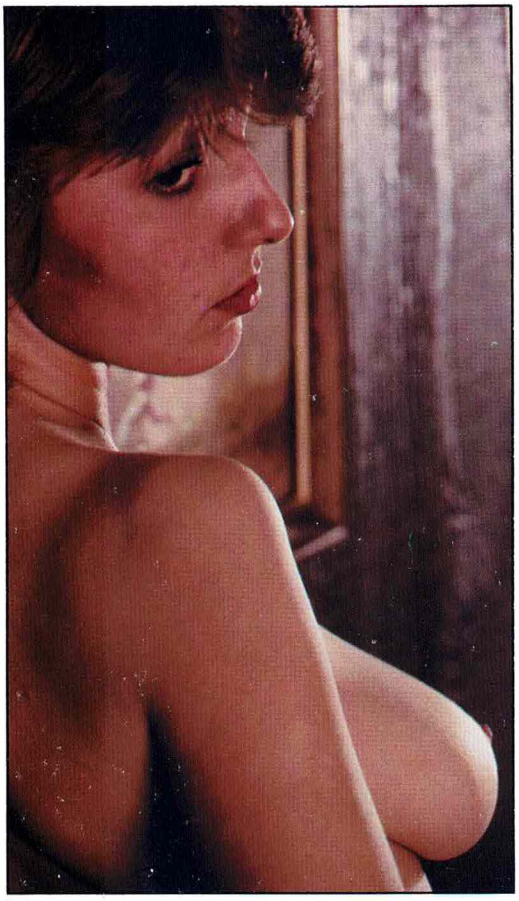
‘. . .both of us were staring intently at my cunt taking every hard-driving inch of his long tool. . .’



watching my bare cunt open to take him in. Now I understood why I had seen so many ads in women's magazines that talked about removing 'unwanted' hair. I always thought they were talking about underarm growth, but now do I know differently!

Having my boyfriend shave me is foreplay like no sex book ever talks about. The coolness of the cream and the erotic tug of the razor and the soft touches of his fingers protecting my clit from the blade make my cunt flow and flow.

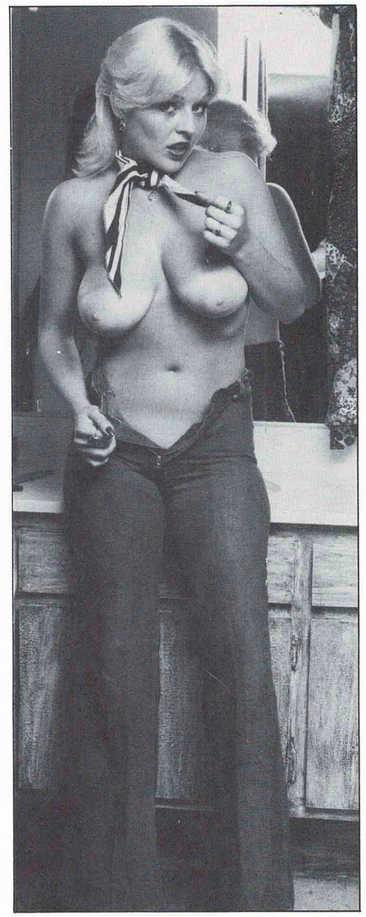
We almost always screw in the same position—sitting up with him holding me wide open so we can see every single cock stroke and watch my cunt snuggle so neatly around his rod. We're hooked on sunlit patio fucking. So much so that my bedroom lamp has a big bright suntan bulb in it. So we've burned up three lampshades. They never once got as hot as my pussy!



MELINDA

I could hardly believe what I was seeing in the dressing room mirror. The makeup lights around the edge framed a picture of a misty-eyed female with her legs spread wide open and her hands brushing over the head of a girl eating a pussy. Mine!

When I looked down between my thighs, the impact was even greater. Marie's tongue was licking up and



down my cunt, pushing in and out of my hole and gliding up to flick back and forth over my clit. I groaned like I was dying and bent over her as a fierce orgasm belted through me. But I wasn't dying. I guess I was really just starting to live!

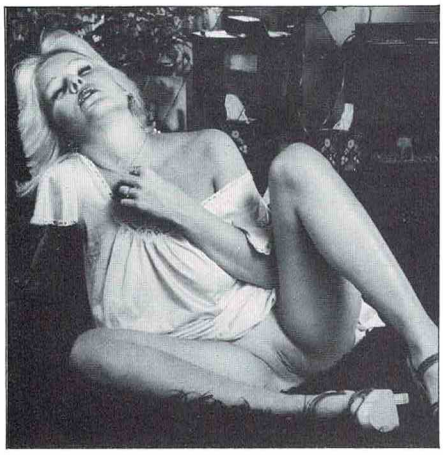
I got the modeling job for swim wear and met Marie the same afternoon. She was one of the girls hired to do the layout by a photog whose

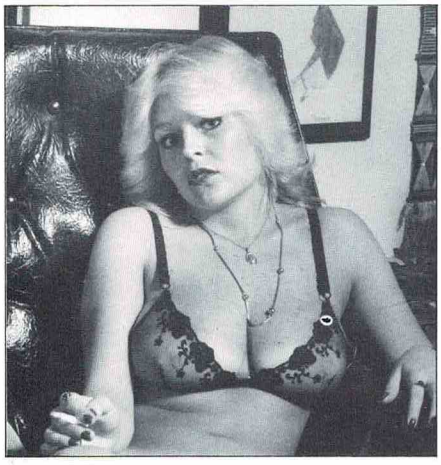
sharp eyes told me my pussy hair was showing outside the crotch of my bikini. He just laughed when my face turned red, and told me to go shave.

When Marie offered to help get my pussy naked, I had no idea she'd go down on me. How dumb can a girl be! Her hands were so soft and gentle that when she touched me my clit swelled and began tingling. I got pussy-slick! The shaving cream was hardly needed.

She patted me with a soft towel,

‘. . .Marie's tongue was licking up and down my cunt and gliding up to flick back and forth over my clit. . .’





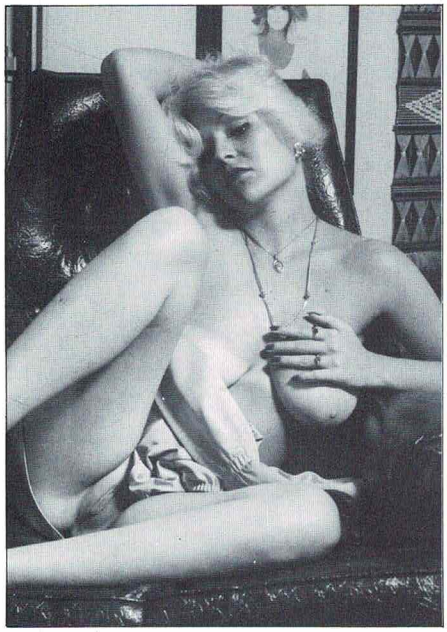
and then didn't even say 'May I?' And I did not make a move to stop her. I saw my hand slide around the back of her neck and my fingers hold my bare cunt lips open so she could lick my clit—just as though I'd done something like that every day. The word 'lez' never entered my mind. Or hers, I guess.

I pulled her mouth tighter to me and rocked my hips back and forth. Her tongue felt heavenly, teasing in and out of my hole. It was so hard to keep my legs open that I gave up trying. They closed against her head. I doubled over and came for so long I

‘. . .when she touched me my clit swelled and began tingling. . .’

was afraid she would suffocate before I finished. My fingers locked behind her head, holding her to my pussy while I ground my clit against her teeth and kept moaning and climaxing.

When my muscles stopped tensing, she backed off a little and gently pinched my clit between her fingers. Her thumb went smack into my hole. I stared at my cunt like I'd



never seen it before. Without my bush of hair I could see every single thing she was doing to me and every reaction of me to her sexy fondling.

Somehow I got through the shooting session for the swim wear ads, although I was sure my crotch was so wet my excitement would show as a big damp patch. The photographer was pleased with the shots. He said I looked alive. He didn't know just how alive I really was!

The moment the lights were killed I raced back to the dressing room and ripped the bikini off. Marie was down on her knees with her tongue in my naked pussy hole in five quick seconds. This time I was so hot my own fingers got into the act, beside hers. I held my bare lips wide open for her. Without my bush of hair in the way I could feel even the very slightest movement of her tongue—and my own fingers on me.

I took Marie home and shared my boyfriend with her. It was the least I could do for her after her doing me so beautifully.

NANCY

Being a teasing cheerleader is a real turn-on! My nipples rub against my letter sweater and drive me mad with their sexy tingling. The way the guys in the stands hollered and cheered when my short skirt flashed my

tight panties at them made me decide to give them a real thrill. I shaved my cunt totally bare and left my panties in my locker.

I was truly hot the first afternoon I let everybody get quick peeks at my hairless pussy. But I wasn't the only one getting steamed. After the game two of the biggest huskiest players stopped me in the tunnel leading to the dressing rooms. They told me I'd been asking for it and now I was going to get it. But good.

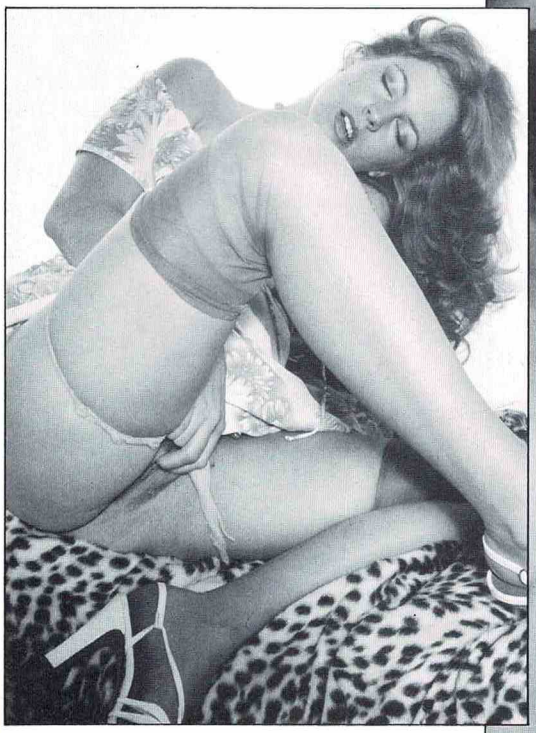
My pussy was wet and ready. My mouth was all set to take the handsome quarterback's tool. But dammit, my cunt never felt even one dick that afternoon!

They whisked me off to a van park-

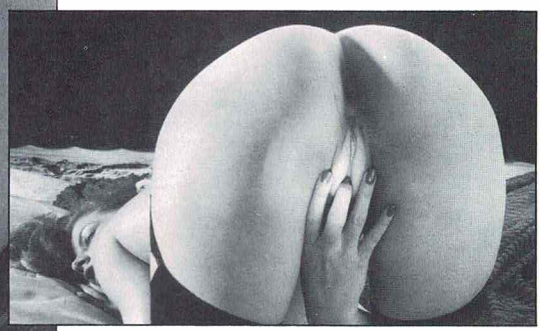


ed at the back of the lot and stripped me. One guy sat on the bed and jerked my head down and stuffed my mouth full of throbbing dick. I was on my knees on the van rug, fingering my bare pussy and trying for the cli-

max I'd been needing all through the game.

Just as I came I felt a hard cock press between my ass cheeks. The guy I was blowing held me tight while his buddy ripped into my asshole. I was mad! Not because I was choking on a huge cock or because my tender butt was getting abused. I had wanted to see the bare pussy I was flashing getting fucked!

Well, hell. There's another game scheduled for tomorrow.



DONNA

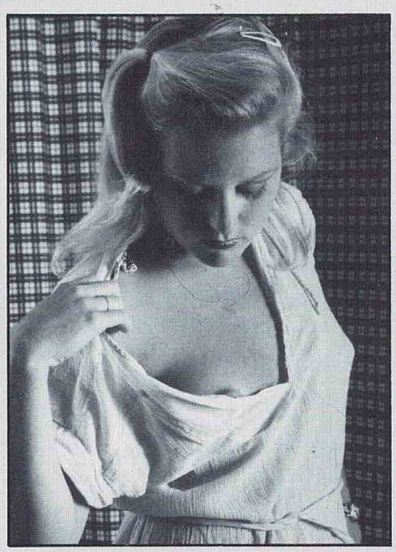
Seduction isn't really my bag, but two things happened yesterday that got me so damn hot I couldn't help myself. On a crazy whim, I shaved my pussy. I don't know why the hell I did it. Guess I got to thinking about how much fun it was to diddle my clit when I was growing up and didn't have a single hair on my pussy.

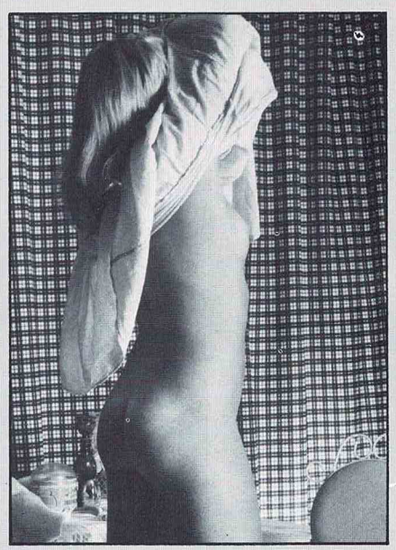
Then I discovered that the 'baby' I was supposed to sit with that evening wasn't a baby at all. He was a teenager, but so wild his folks were afraid to leave him alone at night when they went dancing. When I saw how the boy's crotch bulged out, my mind flashed back to the first time I got balled. I'd had no hair on my cunt then. I had none now. I was hooked by my own horny thoughts!

When his folks had gone and I heard the shower running I slipped into the bathroom and sat on the pot. My clit popped up under my finger when I saw him whacking off behind the shower curtain. I stayed there and waited for him to finish.

He didn't. He suddenly whipped the shower curtain aside and stared at me sitting there with my legs wide open. He looked so long and hard my heart skipped a beat. He had to be a virgin!

I got really hot. I couldn't help





myself. I stood up and stripped naked and lay down on the bathroom rug. I just glanced at his red face, but I really stared at the size of the cock in his fist. Jesus! He made my boyfriend look like Tiny Tim.

He knelt down without a word and watched me playing with my cunt for him. Well, for me too, really. I didn't know what he might know about pussies, but I was determined to teach him all I could before his folks came home.

I showed him what girl does when she comes. My legs snapped out straight and my back arched up off the rug while my hand gripped my bare cunt. I shook all over. The

moment I calmed down a little I felt his hands timidly pushing my knees apart again. He got down close and looked at my finger in my cunt and my thumb rubbing my clit. As though to share something with me, he sat between my legs and stroked his beautiful cock.

I knew how boys jacked off. I wanted to know his cock would feel going into my bare pussy hole. I reached out for him, very, very slowly, and guided his red dick-head between my wet lips. He shuddered and caught his breath, but he pressed into me with that instinctive screwing urge every virgin boy has.

I locked my legs around him and held him tightly to me. But not for long. He broke loose and fucked my ass all over that floor! I was two comes ahead of him when he shot all over my bare pussy. But before his folks came home we evened the score.
